Sizewell C B1122 Resurfacing

Dear resident,

I am writing to you to let you know that, as part of our commitment under the Sizewell C Deed of Obligation, we will be carrying out resurfacing work to improve the condition of the B1122, which will reduce noise and vibrations generated from traffic. These works will be undertaken on sections of the B1122 between the junction with the A12 and the junction with Abbey Lane.

Surveys of the current road conditions were carried out in January 2024, and we are expecting to start the required improvements from 18th March 2024. The works are scheduled to be completed by 14th April 2024, subject to impact of winter weather risk.

To minimise the impact on local traffic, these works are required by Suffolk County Council to be carried out at nighttime. This will mean closing the section of the B1122 that is being worked on at any one time and putting in place agreed road diversion routes.

Residents and businesses within the areas of the road closure will still be able to leave and enter this area. We will write to you again nearer the time to confirm the arrangement for affected properties. Access will remain in place for emergency services.

Date: 18th March – 14th April 2024

Time: 20:00 – 06:00

When: Monday – Sunday

Where: B1122 between the junction with the A12 and Abbey Lane

I apologise in advance for any inconvenience caused due to these works.

I would like to remind you that, once the Sizewell Link Road has been constructed, there will be no Sizewell C HGVs or buses travelling along the B1122.

If you have any questions, please do contact our helpline 0800 197 6102 or email info@sizewellc.com

Yours sincerely,

Paul Lennon
